

The Inn at Dos Brisas Fact Sheet

RELEASE DATE: 06/28/2005

Location:

As one of the great urban life escapes in Texas, The Inn at Dos Brisas is located just an hour west of Houston, Texas. Dos Brisas sprawls across 300 acres of beautiful Texas countryside in the heart of historic Washington County.

Overview:

The Inn at Dos Brisas is a luxury country retreat for those looking for a brief escape from the whirlwind of everyday life. Whether it's a fine culinary experience, a romantic getaway, a small business gathering or a relaxing overnight retreat, guests can revel in the serene Texas countryside, the privacy of their own casita and the opportunity to enjoy our many on- and off-site activities.

Dining:

One of the great draws to the Inn is our dining experience. Our Executive Chef adheres to and exemplifies the Dos Brisas culinary philosophy: to uniquely and effectively meld French quality, American flair and Asian minimalism. This award-winning approach is available through a five- or eight-course dinner tasting menu, Thursday – Saturday, and a five-course Sunday Brunch. Preparation and presentation are matched by the overall ambience of the setting. From the rustic 1760s Loire Valley fireplace to the large windows overlooking rolling hills, pastures and native foliage, guests are treated to a myriad of sights and tastes designed to delight.

Overnight guests will be tempted to feast on a gourmet picnic poolside, or perhaps in a shady spot near the pond. Requested room culinary service, including breakfast, lunch and snacks also are offered. The friendly and knowledgeable staff and their inspired wine pairings complete any meal at Dos Brisas.

Guest Rooms:

Guests at The Inn at Dos Brisas are literally given their own keys to the ranch, including a private Spanish-styled casita and their own golf cart to explore the lush country side and our on-site treasures. Each of the luxury accommodations offer vistas of tranquil meadows, horse paddocks and stocked ponds. Guests have all the comforts of home including a fireplace, T1 wireless Internet service, satellite TV, DVD player and VCR, small kitchen area stocked with complementary snacks and beverages, L'Occitane bath products and lush cotton guest robes.

Management:

Joe Jennings, vice-president and managing director
Christopher Bates, Inn Keeper
